FT-FAT60

FT-FAT60

FlashTiming's radio-linked, fully automatic timing systems allow you to host a quality track meet with accurate times and fast results—*at an affordable price!*

Our **FT-FAT60** includes intelligent radio-linked units for the Starter and Timer as well as our easy-to-use FlashTiming Software to capture and review videos. The **FT-FAT60** delivers finish line images of your race, recorded every 1/60th of a second, with high resolution photo finish results. The race time is encoded on each frame of the video and is saved to your computer's hard drive. Playback of captured results is easy. **FT-FAT60** software provides a unique, easy-to-access file naming system for each heat recorded. Plus, your results can be transferred to your meet management application with a click of a mouse.

COMPUTER REQUIREMENTS:

- 1.6 Ghz, 2MB L2 Cache
- 1GB of RAM
- 100GB Hard Drive
- 1024 x 728 resolution
- USB 2.0
- Windows OS, Windows 7 or newer

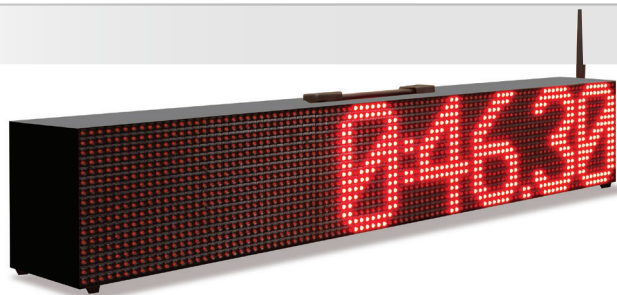

Our new USB FT-FAT60 is sleeker and smarter:

- *It uses an NTSC/analog video camera to produce 60 frames per second.*
- *The Timer unit connects to the computer via USB2.0 and has an integrated digital converter—no batteries, power supply, digital converter or firewire connection needed.*
- *The system can be purchased with our video camera, or provide your own: any digital video camera that also has NTSC analog video out or any analog video cameras will work with **FT-FAT60**.*

**Check out our Package Deals
on the back!**

FT-FAT60 includes Starter and Timer radio units, analog video camera, and software for **\$2495.00**.

Combine any of the following products with your FT-FAT60 purchase and save money!

Shows Race Results, StopWatch with Lap Counter, Period Clock, XCountry and more!

FT-Display

FT-DISPLAY integrates with FlashTiming's **FT-FAT** systems to display the race time and unofficial winning time. Multiple displays can be placed anywhere in the stadium. The displays are battery powered: no need for power or wires! They are radio controlled by the official capturing the photo finish video and/or a track official on the field with a smart phone or tablet.

INCLUDES:

FT-Display, tripod, weatherproof carrying case, and USB radio.

Regular Price.....\$2,595

CAMERA STAND

Our Camera Stand gives you an unobstructed view of the finish line. The Camera Stand can extend 8 to 13 feet to position the camera above the crowd. It is easily maneuvered by one person around the track and includes a camera mount.

Regular Price.....\$1,295

STARTER STAND

Lift your starter above the crowd for the best communication advantage when you combine our innovative new digital-based timing system with our Starter Stand featuring an **FT-FAT** mount.

Regular Price.....\$495
